200 C. Street S.W.  
Washington, DC 20204

Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., Palmyra, Wisconsin 53156-0904, is making the following statements:

- (1) The vitamin B12 complex, found in Cataplex B12, is an important nutrient that supports the healthy development of red blood cells, essential for normal myelin synthesis and central nervous system function.
- (2) This multi-function vitamin is also associated with folic acid metabolism.

These statements are made for a dietary supplement containing a proprietary blend of carrot (root), bovine liver, calcium lactate, porcine stomach parenchyma, bovine spleen, ovine spleen, bovine adrenal Cytosol™ extract, dicalcium phosphate, oat flour, and ascorbic acid. Other ingredients include cellulose, honey, and cyanocobalamin. And the name of the product is Cataplex B12®.

The information contained herein is accurate and Standard Process Inc. has substantiation that the statements are truthful and not misleading.

Sincerely yours,

Ann Holden  
Standard Process Inc.
